

2008-2009 COLAGE Fellowship Program:

2008-2009 COLAGE Fellowship Program: Focus on Transracial Adoption and LGBTQ Families

Do you have (or had) one or more LGBTQ parents? Do you have personal experience with transracial adoption? Do you want to build community and resources available to people transracially adopted by LGBTQ parents? Come work at COLAGE and do groundbreaking work on youth with LGBTQ parents and transracial adoption.

COLAGE 2008-2009 Transracial Adoption Fellowship

Apply now to be the 2008-09 COLAGE Fellow. The fellowship will run for 7-9 months between September 2008 and May 2009. Fellowships are full-time (35 hours per week) positions. Each fellowship has a different topical focus of an issue of critical importance to the COLAGE community. For 2008-2009 we are seeking a Transracial Adoption Fellow who will do assessment, outreach, resource development and programming for youth with LGBTQ parents who were transracially adopted (both domestically and internationally). As full-time staff, COLAGE Fellows also have an opportunity to learn about national non-profit work including advocacy, research, community building programs and events, and leadership development programming.

This fellowship builds on the success of our Kids of Trans Fellowship during the 2007-08 year. Our fellow, Monica Canfield-Lenfest, spent 8 months in the COLAGE office specifically working on assessment, resource development, and community building for youth and adults with one or more transgender parents.

"This has been a great opportunity to develop much-needed resources for people with transgender parents. When my dad started her transition ten years ago, I felt so isolated and longed for a resource for me. Thanks to this fellowship, that resource guide will soon exist." – Monica Canfield-Lenfest, Kids of Trans Fellow, 2007-08

COLAGE is the only national organization working with our specific constituency, providing Fellows with a unique perspective on LGBTQ issues. Furthermore, as the lead staff on a new project to address the unique needs of transracially adopted COLAGErs (ie people with LGBTQ parents), the Transracial Adoption Fellow will have the chance to use their creativity and initiative to direct the project

About COLAGE: COLAGE is a national movement of children, youth, and adults with one or more lesbian, gay, bisexual, transgender and/or queer (LGBTQ) parents. We build community and work toward social justice through youth empowerment, leadership development, education, and advocacy. Our office is based in San Francisco, CA and offers a unique opportunity to be part of a dynamic team. "This fellowship allowed me to build upon my community organizing skills and to profoundly expand the breadth of my work in the COLAGE movement." – Monica Canfield-Lenfest, KOT Fellow, 2007-08
