Donate:

The Mixed Heritage Center thanks you for supporting the vision of the project partners, current funders and the many volunteers who have contributed to building this exciting and long awaited community resource through your tax-deductible donation. Your support will ensure our mixed race and transracially adopted children, people and families have access to the best information and resources available to them.

If you would like to make a large donation, transfer stocks or securities, donate books or a larger collection of mixed heritage material or are affiliated with a grantmaking foundation whose program is a good match for the Mixed Heritage Center, please contact the project coordinators via contact@mixedheritagecenter.org or by calling 206.622.7101. Thank you for your generosity!
